

FISKERIDIREKTORATET

Fiskeriaktivitet på norsk sokkel, fokus på endringer.

Tema

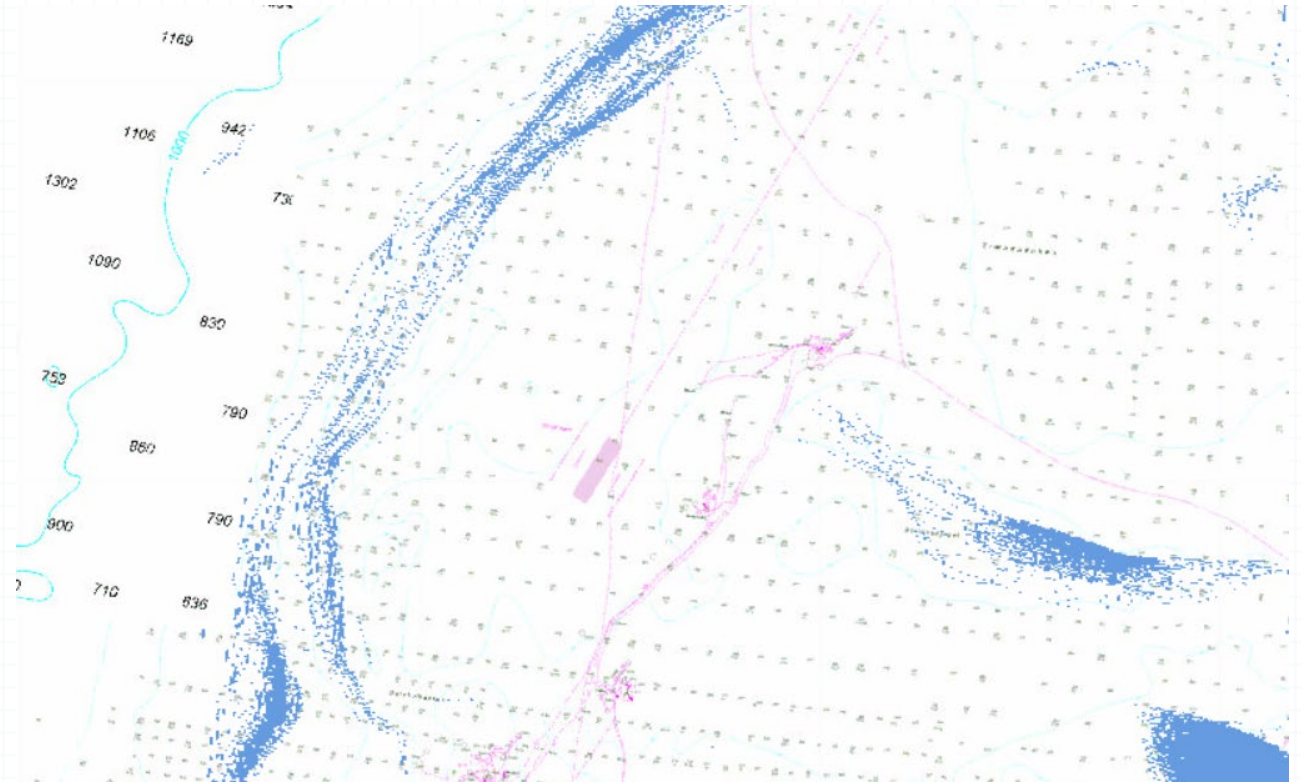

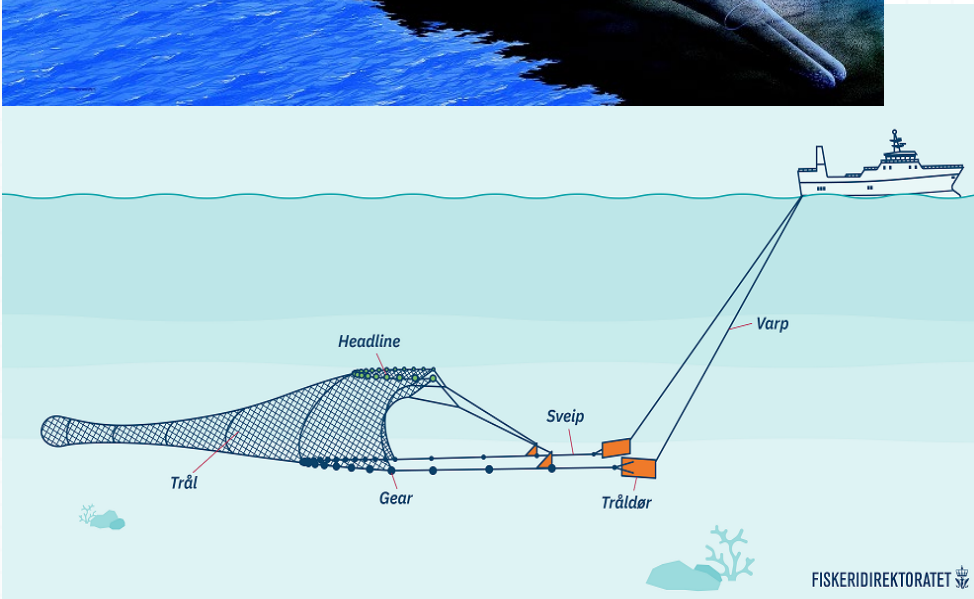

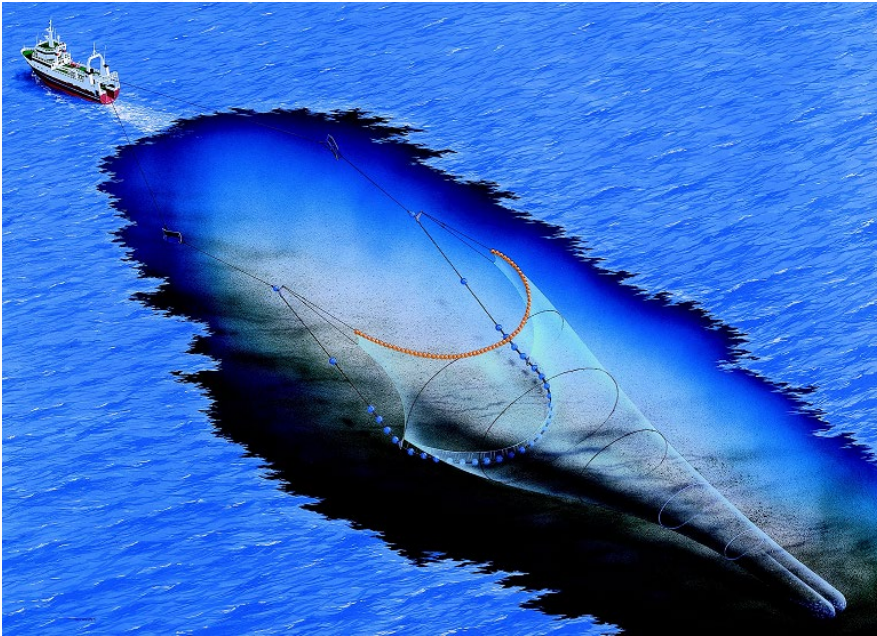

- Generelt
- Redskaper som benyttes i Norsk jurisdikssjonsområde, utenfor territorialgrensen
- Fiskeriene i periodene april-september i årene 2017 – 2021.
- Endringer i bruk av fiskeredskap og endringer i fiskemønster.

Hva gjør de norske fiskeriene uforutsigbar?

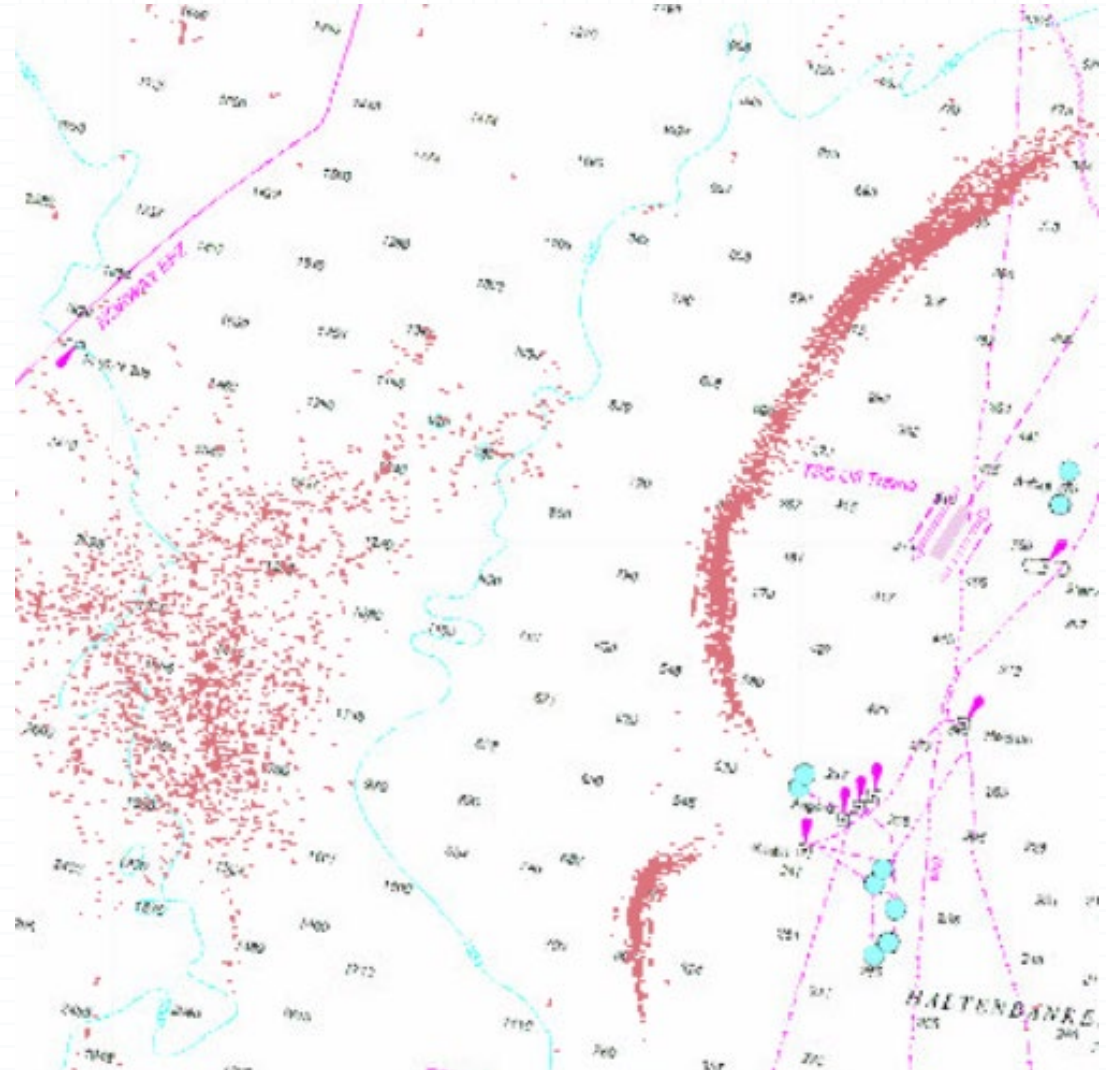

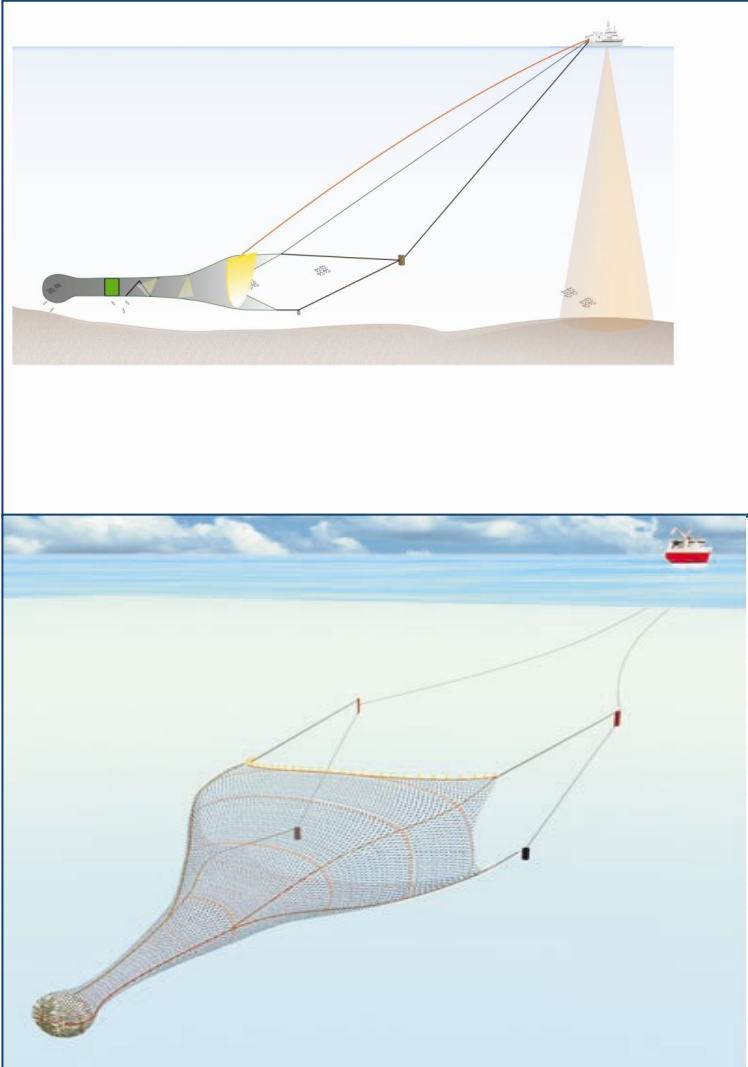

- Kvoteanbefalingene fra det internasjonale havforskningsrådet (ICES).
- Årlige nasjonale regulering av de viktigste fiskebestandene.
- Fiskeriavtaler om fellesbestander med andre kyststater.
- Norske fartøys tilgang til andre lands soner eller andre lands fartøys tilgang til Norsk sone.

Oppsummering

- Fiskeriaktiviteten kan endres fra år til år som følge av:
 - Kvoter av de forskjellige fiskeslag.
 - Kvoter på fellesbestander mellom land.
 - Fordelinger av kvoter mellom land.
 - Avtaler om soneadgang
 - Fangsttilgjengelighet
 - Redskapstekniske reguleringer.
